

Wireless All-in-One Home Office Printer with 2.5" LCD and ADF.

For the family looking for an assistant, the MX350 is always ready to work hard. Printing, copying, scanning and faxing are no trouble for this home office superstar.

- Quickly copy, scan or fax multiple documents in no time with the fully-integrated 30-sheet auto document feeder.
- Fax important documents at high transfer speeds with the Super G3 high speed fax.¹ Protect document information with various security features.
- Collect, combine and edit internet research before printing with Easy-WebPrint EX.²

Copying, Scanning and Faxing Made Easy

Save time by copying, scanning and faxing multiple documents at once with the fully-integrated 30-sheet auto document feeder.

Secure Important Information

Fax documents without running up high phone bills with the Super G3 high speed fax. Up to 20 frequently dialed fax numbers can be stored into the coded speed dials on the MX350.¹ Ensure sensitive information is protected with security features such as misdialing and junk fax prevention, as well as PDF password protection.

Preview Photos Before Printing

Easily view, edit and automatically enhance images with the MX350's 2.5" LCD and Auto Photo Fix II. Menus and settings are also easy to read on this full color LCD.

Freedom to Roam the Home or Office

Be productive from any room in the home with the MX350's wireless networking capabilities.³

Print Multiple Web Pages Easily

Easily collect, combine, and edit multiple web pages to print a customized layout using Easy-WebPrint EX.²

- **Easy-WebPrint EX** – Save paper by printing only relevant information from selected web pages using Easy-WebPrint EX.
- **Quick Start** - Reduces the amount of energy used to start up the printer.

Why Choose the MX350

Over the HP Officejet 6500

- Time in the home office isn't wasted with Quick Start. All printer functions are ready at full power in approximately 3-4 seconds.
- Enhance and sharpen scanned documents for client presentations with Auto Document Fix.
- Print photos without a computer with PictBridge-compatible cameras. All settings are selected on the camera's LCD.

Over the Lexmark X6675 Professional

- Copy, scan and fax multi-page documents with the 30-sheet auto document feeder.
- Make sure scanned documents look professional and sharp before mailing them to clients with Auto Document Fix.
- Get started on projects quickly thanks to Quick Start. Printer functions are ready for use in approximately 3-4 seconds.

1 The Public Switch Telephone Network currently supports fax modem speeds of 28.8 Kbps or lower, depending on telephone line conditions. Sending and receiving fax machines need to conform to ITU-T v.34 guidelines. Page count is based on ITU-T No. 1 chart or Canon FAX Standard Chart 1.

2 System requirements may vary by application. Easy-WebPrint EX: Compatible with Microsoft Internet Explorer 7 and Internet Explore 8 (32 bit versions only) in Windows 7, Vista or XP only, is not included on installation CD, and requires internet connection during installation. Some drivers and applications may require download from www.usa.canon.com. See www.canontechsupport.com for updated compatibility.

3 Wireless printing requires a working Ethernet network with wireless 802.11b/g capability. Wireless performance may vary based on terrain and distance between the printer and wireless network clients.

4 Photo print speeds are based on the standard mode driver setting using photo test pattern(s) and select Canon Photo Paper. Print speed is measured as soon as first page begins to feed into printer and will vary depending on system configuration, interface, software, document complexity, print mode, type of paper used and page coverage. See www.usa.canon.com/printspeed for additional information.

5 *ISO/IEC 24734, 24735 define the default print and copy speed measurement methods. Print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734, excluding time to print the first set. Copy speed is the average of FCOT, ISO/IEC 24735 Annex D. ADF copy speed is the average of ESAT in General Performance Test for the default simplex mode, ISO/IEC 24735, excluding time to copy the first set. See our www.canon.com/ipm for additional details.

6 Compatible memory cards include SD™ Memory Card, SDHC™, MultiMediaCard® (v4.1), MultiMediaCard® Plus (v4.1), CompactFlash® Card, Microdrive®, Memory Stick®, Memory Stick PRO™, Memory Stick Duo™ and Memory Stick PRO Duo™. The following can be used with the addition of a special adapter sold separately: miniSD™ Card, miniSDHCTM, microSD™ Card, microSD™ Card, RS-MMC™ (v4.1), Memory Stick Micro, xD-Picture Card®, xD-Picture Card® (Type M), and xD-Picture Card® (Type H).

7 Requires mobile phone (or other device) equipped with Bluetooth v2.0 technology and optional Canon Bluetooth Unit BU-30. Bluetooth operation depends on the device and software version used. Operating distance is approx. 10 meters but may vary due to obstacles, radio signals, locations where radio interference occurs, magnetic fields from microwave ovens, device sensitivity and/or antenna performance.
